

At KidMed, our mission has always been simple: to provide excellent, relationship-based pediatric care to every child who needs us. Unfortunately, recent changes in Medicaid reimbursement rates have made it impossible for small independent practices like ours to continue accepting new Medicaid patients at this time.

This decision breaks our hearts – it's not about wanting to, but about feeling that we have no choice. We remain committed to the children and families currently in our care and will continue to serve them with the same compassion and dedication you've come to expect.

We truly hope this pause will be temporary. We will keep fighting for fair reimbursement so that we can reopen our doors to new Medicaid families as soon as possible.

Thank you for understanding, for believing in KidMed, and for supporting small, local pediatric practices. ❤️
